# INTRODUCTION

R. L. POLK & CO., publishers of more than 800 city, county, state and national Directories, present to subscribers and the general public, this, the 1948 edition of the Newton City Directory.

Confidence in the growth of Newton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Newton to the world.

The enviable position occupied by R. L. POLK & CO'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Newton Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Six Major Departments

The six major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 8 to 21 on white paper, presents lists of city, county, state and federal officials; post office, public school and fraternal organization Directories; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 501, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Newton, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, beginning opposite page 504 and separately paged from 1 to 72, on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Newton. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Newton, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 505 to 546, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

LIST OF STREETS BY POSTAL DISTRICTS is included in pages 549 to 553.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 555 to 706. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

## Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Newton.

## The Newton Directory Library

Through the courtesy of the publishers of the Newton City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for limited free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## *How the City Directory will help you*

Some people regard the City Directory as merely a big book that cannot concern or be of any use to them, personally.

If they realized what it contains, and how it would answer many little questions that come up every day, they would use it in their personal as well as business affairs.

**Well, now—doesn't it concern you?** It has your name, business and address correctly listed, where your friends, looking for you, will find it.

It has this same information about your friends, and anyone else in the city you may be interested to look up.

It has complete information about the business houses of the city, telling who sells what, and where. It has detailed accounts of progressive houses, who realize they will logically be looked for in the "Selling Section."

It tells how all the streets run, giving numbers at corners; the clearest map of the City; Buildings, Government, Societies and a wealth of facts about the City that can only be appreciated by glancing at the Index.

You will be repaid for a little time spent in finding out how to use this book full of "Who and Where" information; repaid in convenience, in accuracy, and in time saved in your everyday affairs. **But be sure you use the latest,** as an old edition will mislead you.

#### Interesting Facts Regarding the City

It is interesting to note just what Newton stands for to residents in other parts of the country. With its beautiful long avenues, its long lanes leading into beautiful wide parks, its streams and hills, its lovely gardens and artistic residences, it stands for prosperity and success. It signifies elegance and beauty, rather than fashion and display.

Although the march of time has brought changes to Newton in every part, though much of its barren land has been transformed into house lots and streets, though many of its old farm houses have been turned into modern dwellings, still Newton maintains an abundance of its natural beauty which has given it the name of the Garden City—widespread recognition as a city of beauty—a city of homes.

The Charles River winds its course along the northern and western boundaries for more than sixteen miles, adding utilized water power at its upper and lower falls and much beauty to the scenery for miles around. Newton has that same New England atmosphere which characterizes so many other Massachusetts cities, with its stable type of people whose interests are centered in their homes and the finer things of life. Each and every part of Newton typifies the modern "home city," a source of admiration to all visitors and of pride to its citizens.

#### A Few Historical Facts

As early as 1631 Newton was settled and fortified, less than a year after the foundation of Boston. In those days, Newton consisted of a large tract of land with a dwelling here and there—a modest settlement, but the foundation, nevertheless, upon which rests the beautiful progressive city of today. King's hand-book of Newton states "the domain northward of the Charles was acquired from the Indian queen, the squaw-sachem, Nanepashemet's daughter; one of her perquisites being a new coat each winter as long as she lived."

Newton was incorporated a town in 1688, being called New Cambridge until 1692; and having outgrown town government by 1873, was chartered a city in that year.

During the war with the Indians the men of Newton left their homes and families and fought with the rest of the settlers. There is a stone in Nonantum, known as the Eliot memorial, which bears this inscription: "Here at Nonantum, October 28, 1646, in Waban's Wigwam near this spot, John Eliot began to preach the gospel to the Indians. Here he founded the first Christian community of Indians within the English colonies."

During the period of the Revolutionary War, the men of Newton rose with the other men of Massachusetts and shared the hardships that the crude army led by the great George Washington endured. And so, history repeats itself down through the ages. There are many beautiful monuments and ancient landmarks, silent tributes to the men who so nobly answered the call to arms, from the early days when the settlers fought with the Indians, to the World War.

#### Population

The best estimates of the present population of Newton indicates that it is over the eighty thousand mark today. This shows a tremendous increase within the past decade. The steady stream of people who come to Newton yearly to make their homes here are of the thrifty, desirable sort—good citizens who soon blend into the social and civic life and share the pride of their neighbors in their adopted city.

#### Administration

The administration of Newton's city government is in the hands of safe and conservative executives, honest public-spirited citizens who have the best interests of the people at heart and in their minds. This is

manifested by the high standards of administration which this city has always experienced.

Newton has a police force of 149 men, giving it protection at all hours of the day and night. Within recent years, all new modern fire apparatus has been installed. The fire department with 138 permanent men is always ready at hand to meet every emergency.

#### **Educational Opportunities**

One factor which has always given Newton a high standing in the estimation of those looking for a good "home city" is its superb system of schools. Since the early days of 1699, when the first little schoolhouse was built and John Staples became teacher, holding his scholastic sessions four days in each week for a stipend of two shillings a day, the school system of Newton has grown nobly.

Since those early days, Newton has developed tremendously along educational lines. Now there are high grade modern buildings—schools of the highest type for this purpose, with proper exits and due caution against fires and other emergencies. There are also new modern high schools, and the number of pupils that enter the high schools has increased appreciably within the last decade. There also are several very fine private schools. The Lasell Junior College, with its beautiful spacious grounds, established 1851, has long been famous. This young ladies' academy has admitted young women from all parts of the United States.

Among other well-known private schools within the city are Fessenden, and Milda Junior College. The higher institutions of learning are represented by Boston College, in the Chestnut Hill section of the city, and the Andover Newton Theological School (1825) at Newton Centre.

Newton also has a splendid playground system which has developed tremendously within the last decade. There are now many beautiful spots which have been turned into playgrounds for the young. These playgrounds are in charge of very efficient young men and women and the children are taught all sorts of healthful games, while other educational opportunities and interests are encouraged and promoted.

#### **The Public Library**

Another important factor which cannot be disassociated from the school room is the Newton Free Library. This was organized in September, 1869, and received the property of its sponsors, the Newton Library Association. In 1875 the stockholders of the association transferred the entire estate to the City of Newton. The location of the building is on Centre street, the ancient main thoroughfare of the town. The Newton Library contains 226,724 volumes and is continually adding to the collection. There are valuable reference books of all periods, as well as works of old

and new fiction. There are also many beautiful and rare prints. There are now branch libraries in ten sections of the Newtons, the most recent one being that established in Newtonville

#### **Church and Social Activities**

Church influence is strong in Newton, many social and welfare activities also centering in the church organizations, of which there are forty-six in the city. The first church was organized in 1633.

There are over one hundred forty clubs and fraternal organizations in the city, a federation of Women's Clubs, Kiwanis, Lions, Rotary, and the Newton Chamber of Commerce.

#### **Growth**

History shows that the different parts of Newton have made rapid strides in development. In 1860 Nonantum Hill had only the Ricker family on its massive western shoulder. The greater part of it consisted of scrub oak, a lonely and desolate tract of land. Early in 1800 Newton Lower Falls was a tranquil little village with but ten resident families. In 1872 the village had risen to 940. A little later the village of Newton Highlands was not much more than a crossroads settlement in a region of farms. Nearby were shops of the blacksmith and wheelwright. But today Newton is a great modern city teeming with activities, ever growing, ever expanding. Beautiful modern structures are constantly being erected. Among the later ones the Angier Memorial School at Waban, the Oak Hill School at Newton Centre, the Franklin School at West Newton, the Eliot Lincoln School at Newton, the West Newton Memorial Library and the Newtonville Branch Library, add much to the appearance of these sections. There are also the Christian Science Church and the Junior High School in Newtonville and Boston College in the Chestnut Hill section.

#### **Business Activities and Opportunities**

Although Newton is widely known as a residential city, it has various manufacturing activities. At Lower Falls is located one of the first paper mills established in the country. In Newton there are also machine shops, and factories engaged in the manufacture of fire alarm supplies, silk, worsted, rubber, paper boxes, curtains, railway signals, cordage, radio tubes, knit goods, &c.

There are numerous retail stores and specialty shops, pharmacies, modern sanitary markets and food shops, and up-to-date clothing stores well managed and well stocked, a complete range of merchandise at prices as low as any in the large centers.

Information regarding manufacturing opportunities, business facilities and residential advantages will be supplied on request by the Newton Chamber of Commerce, 297 Walnut Nv

## LIBRARY DEPARTMENT

### Newton Free Library

414 Centre st., Newton

Org 1869. Inc. 1871. Transferred to City of Newton 1876. President of Board of Trustees, Judge Thos Weston. Treas, John F Brown. Sec, Harold A Wooster. Trustees: Jas P Gallagher, Mrs Wm H McAdams, Vincent P Roberts, Thomas Weston, John F Brown. Appointed by the Mayor and confirmed by Board of Aldermen.

Meetings of Trustees—3d Friday in each month at 4:15 P.M.

Committee on Books: The President, ex-officio, Mrs Wm H McAdams, Jas P Gallagher. Committee on Buildings: The President, ex-officio, Vincent P Roberts, John F Brown. Librarian: Harold A Wooster. Department Heads: Helen L Saunders, Asst to the Librarian; Anne F Sheehan, Branch Department; Margt G Hooper, Catalog; Dorothy H Gower and Marion K Gustin, Circulation; Helen P Lane, Fine Arts; Mildred N Frost, Reference; M Gertrude Sweeney, Repair of Books Boys' and Girls' Library of the Newton Free Library; Ann E Golding, Supervisor of Work with Children; Mabel Marion Hinkle, Head of Schools Division.

The Main Library was incorporated in 1871 and was built, furnished and maintained for five years through the liberal contributions of citizens, a fund of over \$65,000 being formed for the purpose, of which sum the late J Wiley Edmands contributed \$17,000. In March 1876 the entire property of the Library was given to the City of Newton on condition of its maintenance forever as a Free Library. In 1887 a large addition was built by the City, and again in 1912 a large stack room was added. The plant was completed by the building of a three-car garage for the library trucks in 1925.

In 1926 the citizens of West Newton presented to the City a new branch library building and grounds, valued at over \$62,000, and in January 1928 the citizens of Newton Centre and Auburndale gave new buildings and land, valued at about \$63,000 and \$52,000 respectively. In 1930, the citizens of Waban presented to the City a new branch building valued with grounds at \$75,000. A fine new building costing over \$100,000, the largest branch in the system, was dedicated at Newtonville, December 1, 1939. The money for the large site was raised by Newtonville citizens. The building was a P. W. A. project. In 1934 the residence of the late John C Chaffin, 124 Vernon St., acquired by the City in 1930, was remodelled for a "Boys' & Girls' Library". The former quarters of that department in the main building now house the Art Department. At Lower Falls a remodelled engine house serves as the village library. At Highlands, Upper Falls and Oak Hill, the libraries are in school houses, and in Nonantum, rented quarters are used.

On January 1, 1946 the Library owned 226,724 volumes, to which additions are constantly made. The circulation for 1946 was 416,385.

For 1946 the annual appropriation by the City was \$118,734.34 for the Library with its ten branches. In addition there was received from Trust funds in 1946 as follows:

Jewett (Art)	\$615.02
John C Chaffin	159.56
Mary Shannon	188.00
Horace S Cousins	173.56
Alden Speare	99.15

Elizabeth Spear	44.49
Oliver Fisher	45.80
Elizabeth L Rand	20.66
Sarah L Graves	10.00
Fannie M Blanchard	10.00
Chas A Read	200.00

From the Duplicate Pay	\$1,566.24
Collection (Howes Fund)	\$3,006.50
Gifts for Story Telling and Books	\$65.00
Willard G Harding Memorial Fund	\$39.10
Wm C Strong Memorial Fund	\$194.33
	\$4,871.17

In addition to books and periodicals there is in the Newton Free Library a large collection of mounted photographs of art and industrial pictures; also over seven thousand stereopticon slides of geographical and industrial subjects, and many stereographs. These are loaned to all desiring to make use of the material.

The Library has also a large duplicate collection, the volumes of which are loaned for two cents a day, which is operated under the Howes Fund.

Main Library open daily 8 AM to 9 PM. (Summer schedule—closed Wed evening and Saturday afternoon and evenings), Sundays from Jan 1 to Mar 31, 2:30 to 5:30 PM. Closed all holidays. Hours at the Branches vary. Call Bigelow 4-9040

**Trust Funds, July 1, 1947**

**Kenrick Fund, \$4,000 income for needy and worthy poor of Newton**

**Read Fund, \$40,000, income to be expended as follows:**

Annual picnic or sleigh ride for children of the village of Newton Corner not to exceed \$400; for free lectures on scientific subjects for the village of Newton Corner not to exceed \$800; for books for Newton Free Library at Newton Corner, not to exceed \$600; balance of income to poor widows in any part of Newton. For trustees of this fund see page 12

Income to be used in whole or in part to stimulate in the pupils of the public schools of Newton the study of American history, especially the early history of Massachusetts and the beginning of New England, by the offer of a prize or prizes annually for essays written by the pupils of the public schools in Newton for the current year in which such prizes are offered, and upon such subjects as may be appointed. For trustees of this fund see page 12

**John C. Chaffin Educational Fund**

The income of said fund shall be paid out by the City Treasurer as directed by said Trustees in expenditure for the benefit of graduates of the Newton High School or of any school of a similar standard that may be established in said Newton, who have a thirst for knowledge and are anxious to obtain the benefits of an education at a college or the Massachusetts Institute of Technology, but are financially unable to do so.

**The Horace Cousens Industrial Fund, July 1, 1947, \$1,000,000.00**

The income of said fund shall be loaned out by the City Treasurer by application approved by the board of Aldermen to residents of Newton enabling them to own their own homes at a rate of interest 25 per cent less than the current bank charges.

**The Elizabeth Spear Fund, \$340**

The income to be used to provide Christmas Cheer for the inmates of the City Farm.

## *What is a Live Prospect?*

He is a man with a lot of questions in his mind. He wants to know Where and What and Who and How and When.

Thousands of live Prospects are looking in directories daily to find out

*Where they can buy something?*

*What they can get for their money?*

*Whom they can buy it from?*

*How they can get it?*

The time to sell a prospect is when he is alive. . Make this book your Salesman to live prospects.

---

## *You Use a Directory*

To tell you where to go  
and how to get there.

The Road to Success is easy  
to follow if you are consistent  
in your efforts.

**YOU LIKE to Patronize those  
Concerns Who are in Business  
to Stay.**

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

**IF YOU ARE NOT ADVERTISING YOUR  
BUSINESS IN THE DIRECTORY, MAY WE  
EXPLAIN HOW AND WHY IT WILL PAY  
YOU.**

## The Return Circuit in Advertising

*The circuit must be completed before the bell will ring  
The Buyer must find the Seller before a Sale is made*

**CREATIVE ADVERTISING**—in newspapers, magazines, billboards etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

**THIS DIRECTORY** is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

**HAVE YOU MADE IT EASY FOR BUYERS TO FIND YOU?**

## City Directory Dont's

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

\* \* \*

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

\* \* \*

DON'T look mad when a customer asks to look at your Directory.

\* \* \*

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

\* \* \*

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

\* \* \*

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

\* \* \*

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.

*Out of Sight!**Out of Mind!**Out of Business!*

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

## *Why* **A BUYERS' GUIDE?**

*It is customary to include a Buyers  
Guide in the City Directory because:*

**It gives business firms the opportunity to  
elaborate upon a description of their products  
and services impossible in the limited space  
of regular Alphabetical and Classified listings.**

**THE BUYERS' GUIDE IS A NECESSARY SUPPLEMENT TO THE  
REGULAR LISTINGS; IT IS GOOD CITY DIRECTORY INFORMATION**

**OUT OF SIGHT! OUT OF MIND!**  
**OUT OF BUSINESS! . . . . .**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

## *Information*

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it.

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Directory of Householders, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

1948

Copyright, 1947, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The Streets are arranged in alphabetical order with the location of Intersecting Streets clearly shown.

The Boston Postal District in which Newton is included has been divided into Numbered Zones. Mail addressed to the Newtons will carry the following Zone numbers. Auburndale No. 66, Chestnut Hill No. 67, Newton No. 58, Newton Centre No. 59, Newton Highlands No. 61, Newton Lower Falls No. 62, Newton Upper Falls No. 64, Newtonville No. 60, Waban No. 68 and West Newton No. 65.

\*Indicates unaccepted streets.

\*\*Indicates partly accepted streets.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Places of Business are indicated by bold face street numbers and business being given.

The Δ preceding names denotes householders and places of business having telephones.

## The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

**The Government never redeems counterfeit money!**

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

**PORTRAIT** *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

*Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED SEAL** *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL NUMBERS** *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER** *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS. BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.
